The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. *(Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)*

Annexure – i (Best Practice)

1. **Title of the Practice**:
   Cultivating environmental awareness through greenery, storage of ground water and rain water and making the Campus free from plastic goods and garbages. Successful plantation including fruits trees in campus and in hostel areas. Introduction of online students' feedback, using college intranet facilities.
2. **Goal**
   i. To maintain an ecofriendly and healthy environment within the campus.
   ii. To instill the habit of making environment safe among the students so that they can practice the same at their home/village.
   iii. To cultivate the habit of social responsibility of the students.
3. **The Context**
   Campus users were unaware of the indiscriminate use of the plastics and carry bags even few years back. A huge campaigning process was undertaken by the college to spread the awareness of plastic free campus among the students and staff of the college. In addition, due to the geographical position of the college, there is scarcity of water in the campus and also level of ground water is very low. Proper measures have been taken to store the rain water for summer season when the weather is extremely dry and hot. The reservoirs were constructed and utilized for storage of water and gardening.

4. **The Practice**
   The college is taking primarily utmost care to make the campus plastic free. Use of paper cups and plates in college canteen area and also in any college functions has been made mandatory. Installation of garbage buckets in different locations in the campus has been successfully done. The college authority with the help of NSS volunteers maintains the gardens of the campus and keeps the entire campus clean by regular exercise. By planting a sufficient number of trees in the campus a favorable atmosphere has been established. One big pond has been cleaned and sufficient supply of water has been ensured through proper leveling of the ground. One skilled gardener have been appointed for the same purpose. Because of the practice we have been able to keep our campus green round the year. We are proud to be associated with Sachwa Bharat Mission.

5. **Evidence of Success**
   The following photographs are self-explanatory in support of our success. The photographs were taken during summer time when the temperature was almost 46 degree Celsius, still we are able to keep the campus green.
6. **Problems Encountered and Resources Required**
   i. Lack of awareness,

Annexure – ii (Best Practice)

1. **Title of the Practice**:
   Upliftment of the educational, cultural and economic condition of the poor, marginalized and backward population of the area. Reduction of power consumption by the students through awareness programme.

2. **Goal**
   i. To develop the educational, cultural and economic condition of the poor and backward people of the area.
   ii. To develop the personality of the students through community service.
   iii. To inculcate the social responsibility among the students.

3. **The Context**
   There is a number of backward areas nearby the college with a large number of population primarily unorganized labours such as rickshaw pullers, hawkers etc. There is lack of awareness about the benefit of education among those people. There is a problem of drinking of hard liquor in this class of people and subsequently there are cases of domestic violence against women.

4. **The Practice**
   To help their children's in education, NSS volunteers of the college teach them regularly with educational tools like charts etc. For this reason students of the college take the trouble of travelling even to the most interior parts of the district like Ajodhya Hill. We encourage the practice of local traditional culture like Chhou dance in our students. The college has its own chhou dance team of students. We often organize lecture workshops in the college to discuss the economic and the educational issues related to the backward class of the society. To reduce the crime against women and to address the other legal issues a ***Stuents' Legal Literacy Club*** has been established. We regularly organize ***Value Education Programme*** in association with the Ramakrishna Mission Vidhyapith, Purulia.

5. **Evidence of Success**
   The following photographs are self-explanatory in support of our success.

6. **Problems Encountered and Resources Required**
   i. Lack of awareness,
   ii. Excessive drinking problem
   iii. Child education problem
   iv. Lack of health awareness

   Requirements: Participation of skilled persons like doctors, teachers of primary schools is highly required. College needs some mobile display units like mobile projectors for practical demonstration in target field areas (remote villages).
